

Services

Service, not sales!

Service is what we do. Sometimes we sell parts with our service. Service is our product, our bread & butter. We want you to be able to tell us how we are doing. Our most significant steps seem to usually come from somebody being honest with us.

For more [about us](#), please see that page.

Preventative Maintenance

We perform annual preventative maintenance as outlined in NFPA 1911. Annual is typical, although we often customize per request.

[Example PM report](#)

Repairs

We work on anything 'fire truck' related. We do truck chassis work, such as brakes, On-Spots, steer cylinders/hoses. We also do some engine repairs, excluding internal engine repairs.

Some examples of repairs we do:

- Valve rebuilding
- Packing/mechanical seal replacement
- Internal pump and pump transmission repair
- Any Electrical- DOT lights, warning and scene lighting, starting/charging, pump interlock
- Generators, engine and hydraulic

Performance Testing

~~Coming Q2 2023~~ We are ready to pump test!

On-site NFPA 1911 performance testing.
